

Welcome to Penny Crusade 2019!

You'll find in this packet many resources to help your church partner in the task of Advent Christian International Missions. What is that task? Simply put, it's sharing the message of Jesus where he is not yet known and worshiped.

The mission of Advent Christian International Missions is to establish and strengthen churches among unreached people groups. An unreached people group is a group that has little or no knowledge of the good news of Jesus. Many unreached people groups have no access to the Bible. The overwhelming majority of unreached people groups are in South Asia, the Middle East and North Africa.

This Penny Crusade material will introduce you to the critical need of bringing the gospel to unreached peoples. It also focuses on our ministries in Myanmar, a country where 89 percent of the people are from unreached people groups. You'll see how our ministry leaders in Myanmar are going about the task of establishing and strengthening churches.

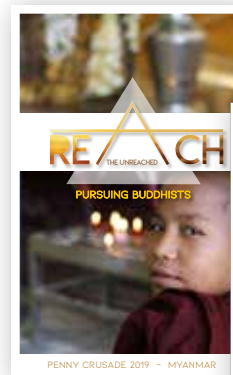

If you have any questions about Penny Crusade or about Advent Christian International Missions, please contact us at 704-545-6161 ext. 211 or at imissions@acgc.us.

Our International Missions work depends on the cooperative partnership of churches like yours. If your church already participates in Penny Crusade, we thank you and look forward to your continued support through prayer, giving and encouragement. If your church does not participate, I encourage you to consider doing so. I would welcome the chance to talk with you about your church's participation.

To God be the glory,

Jeffrey N. Walsh
Director of International Missions

"Those who have never been told of him will see, and those who have never heard will understand" (Romans 15:21).
